Springtown ISD
301 E 5th Street
Springtown, TX 76082

Dear HR Director:

I am an aspiring 4-8 Generalist who is seeking a position at Springtown ISD. Currently, I am a graduate student in Tarleton State University's TMATE program. I am considered highly qualified and will receive a probationary certificate upon employment.

My skills and qualifications are varied, which equips me to be an asset to Springtown ISD. I have seen firsthand how large a role one's education plays in "real-world" careers. I have substituted at all grade levels, and have received high ratings as a substitute, including those in the Special Education program. While substituting, I am able to keep a teacher's momentum going in the classroom, while creating a classroom environment that facilitates learning and not merely "crowd control". I am eager to have my own classroom.

My children attend school in Springtown because I believe the district has great opportunities and high expectations for its students. I find myself wanting to be a part of such a wonderful program and a great group of people. I look forward to the opportunity of sharing my passion for education with you in person. I can be reached at adrienne.malmberg@go.tarleton.edu. Thank you for your time.

Sincerely,

Adrienne C. Malmberg
Tarleton State University TMATE Student
